

Dear SoleBeats Dancers and Parents,

All of us at SoleBeats are hopeful all of our Dance families have been staying healthy amid our new reality of living within COVID-19 times. The theme of being “in this together” will continue on throughout our studio walls. We would like to share our plan of action regarding keeping the studio a safe, hygienic place to come to.

First and foremost if students or parents show any signs of illness we would kindly implore you to PLEASE STAY HOME. SoleBeats Staff has also agrees that if anyone of us Staff Member are feeling ill or showing signs of sickness we will be prompt to find someone within our staff to cover the class or cancelling the class and rescheduling a make-up lesson as soon as possible.

In addition to regular studio cleaning protocol, staff will be wiping barres, chairs, door knobs, light switches and Green Room surfaces multiple times a day with disinfectant. As always SoleBeats will be fully stocked with Anti-Bacterial Gel in both studios and at every entrance. We will also be cleaning both bathrooms more frequently throughout the day.

To ensure student and parents safety , as well as providing a more efficient class change over flow, SoleBeats will be starting to implement the back door for our Monday Students pick up. The Door is located at the back of our unit that leads to the back alley.

We at SoleBeats want to ensure our dance family always feels at home in the studio, so if you have any comments or concerns please feel free to contact us at [solebeats@nili.ca](mailto:solebeats@nili.ca) or 250-423-6880. We can't wait to see you all in the Fall and until then we hope everyone can stay happy and healthy.
